

Pasadena Mediation Group

An Alternate Dispute Resolution Company

MICHAEL H. LEB, ESQ.

Prior to starting my practice as a neutral in 2008, I practiced labor and employment law on behalf of both employers and employees for over 20 years. As a neutral, I have mediated over 100 cases of all types and been retained twice as an expert witness in specialty areas of employment law. I am one of four panelists on Los Angeles County’s newly established Equity Oversight Panel, an independent contractor position I secured through a competitive application process. I am currently on Mediation Panels for the Los Angeles, Orange County and Ventura County Superior Courts. I have pending applications with the Settlement Officer Panel for the USDC – Central District of California, the American Arbitration Association and FINRA. I have been appointed to the Hearing Officer Panel for the City of Santa Monica and have mediated cases for the EEOC.

My experience as a practicing attorney includes over 20 jury and court trials in state and federal court employment and business litigation matters, appellate advocacy before the California Supreme Court, California Court of Appeals and Ninth Circuit Court of Appeals, and litigation in virtually every forum handling disputes arising in the workplace. I have participated – as an advocate for both employees and employers, a “client representative” for large corporations, and a neutral - in hundreds of alternative dispute resolution proceedings (mediation, conciliation, and arbitration). In short, during my legal career, I saw employment cases from “every side of the fence.” I also have broad-based business litigation experience.

In addition to my stints as an attorney representing both plaintiffs and defendants in employment matters, I have held senior-executive positions in Labor Relations and Human Resources for Safeway and Wal-Mart. In those positions, I was responsible for dispute resolution procedures, labor negotiations, arbitrations, and compliance. I acted as corporate spokesperson in dozens of labor/employment law matters involving the federal government and various state agencies. Finally, for three years, I was Vice President of Manufacturing for Safeway where I was responsible for the operations of a 44-plant, 2500 employee business unit doing \$3 billion in sales annually.
